PRE-PLANNING

Many families find peace of mind in pre-planning their final arrangements. In pre-planning, there are several things to consider. The first step in the process is simply to identify exactly what your final wishes are and then make those wishes known. At Autumn, we can create a pre-arrangement file for you and there is no charge for this service.

The next step is to pre-pay for those services. This is optional and can be handled at the funeral service establishment of your choice. In Oregon, all funeral service providers are required to place pre-paid funds into a funeral "life insurance policy" or a funeral trust account where they reside until time of death. At Autumn, we use only funeral trust accounts. If you choose to pre-pay at Autumn, you will be working with a licensed funeral service practitioner as we do not employ a pre-arrangement sales staff. There is no pressure and there are no commission-based sales.

ITEMIZED PRICE LIST

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

All services include an online obituary, with photo, at www.AutumnCares.com at no additional charge. Family and friends can view and print this memorial and they can send an online condolence.

BASIC SERVICES OF FUNERAL DIRECTOR AND STAFF AND OVERHEAD.....\$1,295

This basic charge includes 24-hour availability of staff and equipment, securing and recording vital statistics, obtaining authorizations and permits to comply to all state and federal mortuary regulations and arrangement conference with family or responsible party. Also included in this charge are overhead expenses relative to our facility such as insurance, property taxes, maintenance and utility expenses, secretarial and administrative costs. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.)

However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.
